

NSW Rally Panel

July 6, 2017

Dear Rally Organiser,

Re: Application to Conduct a Rally Event in 2018

Please find attached the Application to Conduct a Rally / Rallysprint / Road / Touring Assembly event in NSW in 2018.

Please Note – The Rally panel requests that an application be submitted for **ALL rally and Rallysprint events**, including multi-club, closed to club and introductory events. This is not limited to Series events. Doing so ensures that we can all work more cohesively and avoid calendar clashes with other clubs, and we thank clubs for their cooperation.

If your club intends to conduct more than one event during 2018, then please submit an individual form for each event.

Should your event have any special requirements, eg a special date due to a significant event in the Club's history, Council or Forestry requirements, etc, please make this clear with your application so that the Rally Panel can take this into account.

In all cases, please include optional dates and list them in order of preference.

The Applications need to be returned no later than the **Saturday, September 30, 2017**. Any applications received after this time will not be considered for inclusion in the NSW Rally Championship or DRS.

If you are planning a rally in the first half of 2018, please submit your application as soon as you can. Doing this may allow the Rally Panel to lock your date in for you, so that you can get on with applying for permissions etc, rather than waiting for the full calendar to be released in October.

For applications for events to be part of the Development Rally Series or NSW Rally Championship, you must include additional information that provides a clear overview of the length, style, timeframe and format of the event, and in particular, if there are any conditions which may be in breach of the NSW Rally Competition Conditions. (2018 comp conditions will be released later in the year – assume only very minor alterations)

Your application can be sent by email to the Rally Panel secretary on info@rallynsw.com.au

The NSW Rally Panel thanks you for your application and looks forward to the inclusion of your event on the 2018 calendar.

Sincerely,

John Sparkes
Chairman, NSW Rally Panel
